TRAVEL GEAR

IT'S NOT HOW FAR YOU GO. IT'S HOW WELL YOU TRAVEL.

Introducing essential travel gear, business gear, and personal accessories from Victorinox, maker of the Original Swiss Army™ Knife.

Since 1891, when the Original Swiss Army Knife was created in the small village of Ibach, Switzerland, Victorinox products have established a reputation in more than 100 countries for unmatched precision, quality, function and value. So it's no surprise that they've made their way to the top of Mt. Everest, the permanent collection of New York's Museum of Modern Art, and even to the far reaches of outer space on NASA explorations. Our designers have extended and enhanced our century-old heritage by creating a collection of travel gear and accessories that delivers the ultimate in versatility, functionality, and uncompromising quality.

Each piece in the collection, from the largest upright to the smallest wallet, carries our legendary "cross-and-shield" emblem. It's your guarantee that our products meet the highest standards of quality, design, and sophisticated style. In fact, with this collection we have virtually reinvented travel gear and accessories, creating over 20 totally new components that will redefine the industry standard for function and performance.

Whether your life's adventures are focused in urban jungles or untamed wilderness, our travel gear and accessories will carry your essentials safely, securely, and with style. Our cross-and-shield is the symbol of outstanding performance. Our lifetime warranty is your guarantee of it.

Equip yourself. Carry travel gear and accessories by Victorinox. And carry on.

IN REMEMBRANCE

Kathryn Kane – left this life at 3:13 PM, July 27, 2002.

Kathryn was many things, and in particular to me, she was a friend and one of my advisors in many of the things that have gone on to make this club what it is. A unique situation that worked even though we never met face to face and had only a few phone conversations. Most of our contact was by snailmail and email.

Some of you may know her from the book "Swiss Army Knife Handbook, The Official History And Owner's Guide", written in 1988, with a foreword by Rick Wall, President of the (former) Swiss Army Knife Society. Together, in 1989, in San Diego, CA, they held a Swiss Army Knife Society convention to promote interest in Swiss Army knives.

She touched the lives of many people with her many activities, which also included Birdworks Publications, a small publishing company in Oracle, AZ, her home, where she resided with her husband Joe.

A lady possessing many talents, great generosity, freely sharing, teaching, helping, organizing, leading, volunteering her time and talents when and where they were needed. She will certainly be missed by all that knew her. May she forever rest in peace.

FROM THE PREZ

Again, I find that time has snuck up on me, and I'm running a little late. It has been a surprisingly busy summer, and my "honey-do" list has gotten longer than I care to admit.

The club is taking more and more time, and soon I'm thinking I will have to make some adjustments to compensate for it. (I'm retired now for four years and thinking I need to go back to work so I can find time to get things done!) It has also been a quite stressful summer with many happenings that were unexpected and not in my plans for things. Do you know the feeling?

Anyhow, we are watching with a close eye, the happenings with Victorinox and its changing face. Still no announcements, but things are different. As it appears, not the only knife business facing new difficulties and challenges. The 9/11 happenings have had far reaching effects that are seeming to continue to change the climate of things. Hopefully, we will have some news to pass on in the January newsletter, as things are coming to a head as you read this.

Our website remains a question, as the passing of Kathryn Kane has had an affect on its completion. I have been receiving continuous inquiries from foreign countries though, so people are visiting the Victorinox® site and finding our name there. This is certainly a positive thing, and should continue and hopefully increase if the other distributors in other foreign countries pick up our information release on their sites. Time will tell. Meanwhile, there remains a ton of things to do, but don't be strangers – I will find some time to answer snailmail and e-mail inquiries. Just be patient with me and I'll get it done.

And finally, since we've had our first frost of the season, it's time to start thinking about the coming holidays. Let me be the first to say-----

Cut Clean & Merry Christmas and Happy New Year!

WORDS OF WISDOM

If at first you don't succeed, skydiving is not for you.

Psychiatrists say that one of four people are mentally ill. Check three friends. If they are OK, you're it.

Nothing in the universe travels faster than a bad check.

Money can't buy happiness, but it sure makes misery easier to live with.

Always remember to pillage before you burn.
